

Answer: m format...

Question: m format

Answer: Based on the provided file content, it appears to be a list of names with corresponding items, likely food items. The list includes a variety of dishes, snacks, and desserts from different cuisines, such as Indian, Chinese, and Italian.

To answer your question, "m format," I'm assuming you meant "menu format." If that's correct, the list can be organized into a menu format with categories such as:

* Snacks: dabeli, sandwich, all flavour chavdo, etc. * Desserts: cake, ice cream cake, gulab jamun, etc. * Beverages: cold drinks, rabdi, lassi, etc. * Indian dishes: gujrati thali, alu sev, kurkure, etc. * Chinese dishes: chinese samosa, spring roll, etc. * Italian dishes: pasta, pizza, etc.

However, without more context or information, it's challenging to provide a more specific answer. If you could clarify or provide more details about what you mean by "m format," I'll do my best to assist you.
